21. INTERSCHOLASTIC CONTESTS

21.1 Definition of Interscholastic Contest. An interscholastic contest is any competition between organized teams or individuals of different schools in a sport recognized by this Association, and therefore shall be subject to all regulations pertaining to such contests.

21.2 NFHS Rules. Unless noted on the FHSAA.org website, the rules published by the National Federation of State High School Associations (NFHS), or those approved by it, shall be the official rules for interscholastic athletic competition in all sports. Please refer to www.FHSAA.org for more information on middle school competition rules.

22. INCLEMENT WEATHER

22.1 Safety is Paramount. The safety and welfare of all concerned is of paramount importance. In no case may an official deny a request by a principal or his/her designee to delay, suspend or postpone an outdoor contest due to inclement weather or imply that the contest will be forfeited as a result of such a request.
1. INTRODUCTION

1.1 GENERAL PRINCIPLE
Local Rules May Be More Stringent. Schools and /or school districts may adopt more stringent rules for the students under their supervision. No school or school district, however, may adopt rules that are less stringent than those of the FHSAA.

1.2 PURPOSE
The FHSAA provides leadership for the development, supervision and promotion of interscholastic athletic programs sponsored by its member schools. Participation in these programs enriches the educational experience of qualified student-athletes by providing them with opportunities to compete in an equitable, sportsmanlike and wholesome manner.

1.3 FUNDAMENTAL BELIEF
Interscholastic athletic programs play a vital role in the education of students who participate in them. Through their participation in interscholastic athletics, students are provided character-building opportunities to demonstrate honesty, integrity, respect, caring, cooperation, trustworthiness, leadership, tolerance and personal responsibility. These fundamental values enable participants to realize and fulfill their potential as students, as athletes, as individuals and as citizens.

1.4 EDUCATIONAL NATURE OF INTERSCHOLASTIC ATHLETICS
Interscholastic athletic programs are designed to enhance the educational experience. The student-athlete is a student first, an athlete second; and each and every practice and competition is an extension of the classroom. This is what clearly separates interscholastic athletics from all other forms of youth sports.

1.5 PARTICIPATION IS A PRIVILEGE
Participation in interscholastic athletics by a student is a privilege, not student cannot be allowed to participate in any activity related to interscholastic athletic programs until the fully executed consent form is on file in the school.

20. USE OF INELIGIBLE STUDENTS PROHIBITED

20.1 Use of Ineligible Students. The intentional or inadvertent use of ineligible students is strictly prohibited by this association and should be reported immediately upon discovery.

20.2 Ineligible Student Defined. An ineligible student is one who has been found to have violated one or more the guidelines and other rules of this association such as, but not limited to:

(a) Age
(b) Academic requirements
(c) Attendance requirements
(d) Limit of eligibility
(e) Amateurism
(f) Suspended students due to unsportsmanlike acts
(g) Recruited students
(h) Required forms for participation

20.3 Penalties for Use of Ineligible Students. Schools found to have used ineligible students could be subject to one or more of, but not limited to, the following:

(a) Forfeiture of contests
(b) Reprimand
(c) Restricted participation in future invitational events in that sport for a minimum of one year; or
(d) Restricted participation in all events for a minimum of one year
for a period not to exceed one calendar year from the date of practitioner’s signature. The student cannot be allowed to participate in any activity related to interscholastic athletic programs until the fully executed physical evaluation form is on file in the school (s. 1002.20(17) (b), Florida Statutes).

19.1.2 Qualified Practitioners. The annual physical evaluation must be administered either by a licensed physician, a licensed osteopathic physician, a licensed chiropractic physician, a licensed physician assistant, or a certified advanced registered nurse practitioner.

19.1.3 Filing Requirements. The student-athlete shall be required to file with the principal or his/her designee a fully executed physical evaluation form signed by the practitioner and medical history questionnaire signed by the student and his/her parent(s) or guardian(s).

19.1.4 Evaluation Requirements. The Board of Directors shall adopt minimum requirements for the physical evaluation to which each member school shall adhere.

19.2 CONSENT AND RELEASE (FHSAA Form EL3/EL3CH/EL3CH addendum – Consent and Release from Liability Certificate)

19.2.1 Forms. Student Must Provide School with Signed Consent and Release Form to Participate (EL3), Consent and Release Form for Concussion and Heat-Related Illness (EL3CH) and Consent and Release from Liability Certificate for Sudden Cardiac Arrest and Concussion (EL3CH addendum). A student must have the consent of his/her parent(s) or legal guardian(s) to participate in interscholastic athletic programs at a member school. The student and his/her parent(s) or legal guardian(s) must also release the FHSAA, its member schools and contest officials from all liability for any injury or claim that may result from the student’s participation in interscholastic athletics. This consent and release from liability must be provided in writing on a form developed by this Association for that purpose. The form must be signed by the student and his/her parent(s) or legal guardian(s). The
students and may include students in grades 6–8.

3.1.4 Administrative Control. A member school must control its interscholastic athletic programs in accordance with the regulations of the Association. Responsibility for this control rests with the principal, who is responsible for the administration of all aspects of the school’s interscholastic athletic programs.

3.1.5 Compliance with Rules. A member school must comply with all guidelines and other rules of the Association. The school must monitor its athletic programs to assure compliance with all guidelines and regulations. Schools must identify and report to the FHSAA Office instances in which compliance has not been achieved, and must take appropriate corrective actions regarding such instances of non-compliance. Staff members, student-athletes and other individuals and groups representing, supporting or promoting the school’s athletic interests must comply with applicable guidelines and rules. The school is responsible for such compliance.

4. SPORTSMANSHIP

4.1 GENERAL PRINCIPLES

4.1.1 Sportsmanship Requirement. Players, coaches, administrators, spectators, contest officials and all other persons connected directly or indirectly with a member school shall practice and promote the highest standards of sportsmanship and ethics before, during and after any interscholastic event.

4.1.2 Use of Alcohol and Tobacco. The use of alcohol, tobacco or tobacco-like products by student-athletes, coaches and officials is prohibited during the contest and in the vicinity of the playing field or court. A coach or student-athlete in violation of this policy is guilty of unsportsmanlike conduct, will be ejected from the contest and will be suspended from subsequent contests.

18.3 Sudden Cardiac Arrest

Sudden cardiac arrest is a leading cause of sports-related death. This guideline provides procedures for educational requirements of all paid coaches and recommends added training.

Sudden Cardiac Arrest. Sudden cardiac arrest (SCA) is a condition in which the heart suddenly and unexpectedly stops beating. If this happens, blood stops flowing to the brain and other vital organs. SCA can cause death if it’s not treated within minutes.

18.3.1 Requirement. All FHSAA member school head coaches and paid/supplemented coaches are required to annually view the FREE online education course “Cardiacwise 2.0”. This Sport Safety International (SSI) course may be viewed online at www.sportsafetyinternational.org.

18.3.2 Recommendation. All member school personnel, contest officials, student-athletes, parents and media are strongly encouraged to educate themselves by viewing the FREE online education course “Cardiacwise 2.0”. This Sport Safety International (SSI) course may be viewed online at www.sportsafetyinternational.org.

18.2 Heat Acclimatization

Heat illness is a cause for concern for student-athletes beginning preseason practices in the warm, summer months and other times of extreme heat. The most serious heat illness, exertional heat stroke, is one of the leading causes of preventable death in these athletes. Heat production during intense exercise is 15 to 20 times greater than at rest and can raise body core temperature one to two degrees Fahrenheit every five minutes unless heat is dissipated. Please refer to the FHSAA Handbook policy 41 for heat acclimatization procedures.

18.2.1 Rationale. The recommendation of the National Federation of High School Association’s (NFHS) Sports Medicine Advisory Committee (SMAC) and the National Athletic Trainers’ Association’s (NATA) Secondary School Committee, that all sports use acclimatization and recovery principles to develop their preseason practice schedules for the purpose of enhancing the student athlete well-being, is based on the following: The primary focus of the preseason period should be to provide an adjustment period to the intensity and duration of exercise and environmental conditions. These procedures are based upon medical literature. Careful consideration should be given to the various levels of fitness in the student-athlete.

18.2.3 Requirement. The intent of this guideline is to require FHSAA member schools to follow a preseason acclimatization and recovery model for all sports that enhances student-athlete well-being. The pol-

4.1.3 Use of Human Growth Hormones, Steroids, Performance-Enhancing Drugs, or Schedule 3 Narcotics. The use of human growth hormones, steroids, performance-enhancing drugs, or schedule 3 narcotics by a student-athlete is not permissible and shall be reported to the FHSAA and the principal. The use of such substances is considered to be an act of unsportsmanlike conduct.
