

Officials at an interscholastic athletic event are participants in the educational development of high school students. As such, they must exercise a high level of self-discipline, independence and responsibility. The purpose of this Code is to establish guidelines for ethical standards of conduct for all interscholastic officials.

Officials shall master both the rules of the game and the mechanics necessary to enforce the rules, and shall exercise authority in an impartial, firm and controlled manner.

Officials shall work with each other and their state associations in a constructive and cooperative manner.

Officials shall uphold the honor and dignity of the profession in all interaction with student-athletes, coaches, athletic directors, school administrators, colleagues and the public.

Officials shall prepare themselves both physically and mentally, shall dress neatly and appropriately, and shall comport themselves in a manner consistent with the high standards of the profession.

Officials shall be punctual and professional in the fulfillment of all contractual obligations.

Officials shall remain mindful that their conduct influences the respect that student-athletes, coaches and the public hold for the profession.

Officials shall, while enforcing the rules of play, remain aware of the inherent risk of injury that competition poses to student-athletes. Where appropriate, they shall inform event management of conditions or situations that appear unreasonably hazardous.

Officials shall take reasonable steps to educate themselves in the recognition of emergency conditions that might arise during the course of competition.

General Regulations & Policies

Substantive changes to this Officials Guidebook for the 2011-12 school year are indicated with a shaded background.

100. Getting Started

101. Authority of FHSAA

101.01 FHSAA Bylaw 8.9.2 authorizes the Board of Directors to establish policies and procedures for the registration and regulation of contest officials.

101.02 Individual officials or local officials associations that violate the policies expressed in this Officials Guidebook are subject to reprimand, probation and/or monetary penalties, and/or suspension or expulsion as an individual official or officials association by the FHSAA.

102. Registration of Officials

102.01 Registration is Mandatory.

(1) An individual who intends to officiate as either a baseball umpire, basketball official, football official or clock operator, flag football official, lacrosse official, soccer official, softball umpire, swimming & diving official, track & field official, volleyball official, water polo referee, weightlifting judge, and/or wrestling referee in an interscholastic athletic contest involving an FHSAA member school must register with the FHSAA Office every year before he/she officiates.

(2) An application for registration as an FHSAA official may be made via the downloadable application form provided on FHSAA.org, online via the FHSAA interactive database, or via the “Become an Official” web site (www.becomeanofficial.org). Downloadable applications for the upcoming school year will be available to each sanctioned local officials association and individual officials in late April of the current school year.

(3) The application for registration must be RECEIVED in the FHSAA Office by the following deadlines each school year:

- Fall Sports (football, swimming & diving, volleyball) – Aug. 5
- Winter Sports (basketball, soccer, weightlifting, wrestling) – Sept. 30
- Spring Sports (baseball, flag football, lacrosse, softball, track & field, water polo) – Jan. 3

A \$10 late fee will be assessed to an applicant whose renewal application for registration is received after the applicable deadline. The \$10 late fee may be waived for new applicants. The FHSAA shall not assume responsibility for any delays caused by either the U.S. Mail or applications returned to the applicant due to insufficient information.

(4) Applications for registration for the current year will not be accepted in the FHSAA Office after the administration date of the make-up examination in the sport for which application is being made, with the exception of officials registering for the first time or transferring from another state. Volleyball registrations (boys and/or girls) will not be accepted after the last date of the fall online make-up exams.

102.02 Requirements for Registration.

(1) To be registered as an official an individual must:

(a) Be 18 years of age or older [for exception, see s.102.02(4)];

(b) Submit to the FHSAA Office a valid FHSAA Application for Registration form (register online via the FHSAA interactive database; a \$20 processing fee will be assessed for all paper applications received);

(c) Pay the appropriate non-refundable and non-transferable registration fee, as well as any assessed late fee and any outstanding fines and/or penalty fees for all previously registered sports;

(d) Join and maintain membership in a local officials association which has been sanctioned by the FHSAA Office; and

(e) Certify that he/she has never been arrested for or convicted of a felony; or any crime or offense which involved dishonesty; or any crime or offense which involved possession, use or distribution of any illegal substance; or any crime or offense which involved any immoral conduct, regardless of the punishment therefore; or has never been denied registration to officiate by the FHSAA or a high school association in any other state. If arrested for or convicted of a felony, the applicant must submit a police/court report verifying the reason, date of arrest/conviction, and conclusion of the incident followed by a letter of reference from a person in the judicial system or a local officials association officer. Any official who fails to disclose, or falsify, this information on their FHSAA Application will immediately be suspended for FIVE years, pending termination of membership. Note: FHSAA contest officials must comply with the Jessica Lunsford Act. Pursuant to the Jessica Lunsford Act, a Level 2 Background screening is necessary for each school or school district to check your name against the state and national listings of sexual offenders and sexual predators. Some counties may be more restrictive than others regarding Level 2 screenings. Any official who attempts to avoid or falsify the required Level 2 screening will immediately be suspended for FIVE years, pending termination of membership.

(2) An individual official who has an outstanding balance with the FHSAA as a result of unpaid registration fees, monetary fines or penalties, or other assessed fees shall not be permitted to renew his/her registration until the outstanding balance has been paid in full.

(3) An individual official who has been suspended or expelled from officiating by the FHSAA shall not be permitted to renew his/her registration until the individual's period of suspension has lapsed or he/she has been reinstated.

(4) High school students who are at least 16 years of age may register as a "student official" and be assigned to a "mentor" official for training. "Student officials" will be allowed to register at a reduced fee of \$10 per sport while an active student official. A regular official's application may be used. Student officials will be allowed to work middle school (6th-8th grades), junior high contests (8th-9th grades), and non-varsity contests once registered. Student officials may not officiate their feeder middle schools.

(5) The FHSAA Office reserves the right to reject any application for registration as an FHSAA official. Local official's association officers and/or boards of directors are required to report criminal misconduct on the part of any

member of their association to the FHSAA Office for investigation.

(6) An FHSAA official renewing his/her registration must join and maintain membership in a local officials association which has been sanctioned by the FHSAA Office. The individual must indicate on his/her registration application the name of the association of which he/she is a member. Student officials must select "FHSAA Student Officials" as his or her secondary association. An individual who is not a member of a sanctioned local officials association will have his/her application for registration returned. An individual cannot contract with or otherwise offer his/her services to a member school as an independent official.

(7) A first-time applicant or official transferring from another state must join and maintain membership in a local officials association which has been sanctioned by the FHSAA Office. A local association must grant such an individual conditional membership until such time as the individual is registered with the FHSAA Office. The individual must indicate on his/her registration application the name of the association of which he/she is a conditional member. An individual who is not a conditional member of a sanctioned local officials association will have his/her application for registration returned.

(8) An individual may join and maintain membership in more than one local officials association. However, for administrative purposes, the individual must designate one local officials association as his/her "primary" association for each registered sport. Individuals may join additional local associations on a secondary basis. An official must advise his/her primary association of his/her secondary association affiliations and vice versa. However, the individual official is responsible for providing any associations of which he/she is a member on a secondary basis with information regarding clinic attendance, exam grades and current status with the FHSAA. The individual official is also responsible for providing his/her primary association with the number of varsity games officiated as assigned by his/her secondary association(s) prior to the deadline for filing that report with the FHSAA.

102.03 Termination Date of Registration. All registrations terminate June 30 each year regardless of the date the application for registration is made and accepted.

102.04 Officials Not Employed by FHSAA. Individuals registering as FHSAA officials do so as independent contractors, and not as employees of either the member schools or the FHSAA. Schools must contract with FHSAA-sanctioned officials associations for officials as individual contractors and not as school or FHSAA employees.

102.05 Registration Fees.

(1) Registration fees, as well as all outstanding monetary penalties, must be paid at the time the application for registration is submitted to the FHSAA Office. Officials may pay fees by check through the mail or by credit card (Visa or MasterCard) online. Registration fees for the 2011-12 school year are as follows:

- First Sport – \$35 (\$27 per sport plus \$8 processing fee);
- Each Additional Sport – \$27.

The discounted \$27 registration fee for each additional sport after the first sport is available only to those individuals who register for more than one sport

on the same application form, or those who register online. The full fee of \$35 per sport will be assessed an individual who registers for more than one sport on multiple applications throughout the school year.

(2) A \$20 administrative fee will be assessed for any registration not completed online due to the added expense to process paper registration.

(3) A \$10 late fee will be assessed an applicant whose application for registration is received after the applicable deadline. The FHSAA shall not assume responsibility for any delays caused by the U.S. Mail, or for applications that are returned to the applicant due to incomplete or incorrect information.

(4) Registration fees are non-refundable and non-transferable.

102.06 Supplies. Registered officials will receive an FHSAA Officials Guidebook; one FHSAA insignia; National Federation rules book; National Federation case book; National Federation officials manual; and a sample rules examination, when available. Officials will receive these materials through their local associations.

102.07 Returned Checks. An official or officials association will be assessed a \$35 administrative fee for all checks returned by the bank due to “insufficient funds” or for any other reason. The official will be suspended from officiating until the fee has been paid.

102.08 State Series Pass. A registered contest official may purchase an FHSAA State Series Pass from the FHSAA Office at a cost of \$50 annually. The pass may be purchased on the FHSAA Application for Registration form. This pass will admit the bearer only to all district, regional and FHSAA Finals state championship games, tournaments and meets in all sports sanctioned by the FHSAA during a school year. This pass is not valid at any preseason or regular season event. State Series Pass holders must sign in at the pass gate, provide proper photo identification and record the pass number. State Series Passes are non-refundable and non-transferable. Abuse of a State Series Pass will result in its confiscation. State Series Passes are not valid for students or for individuals under the age of 18. State Series gates are open through half-time only.

103. Online Video Rules Presentations and Examinations

103.01 Video Rules Presentations.

(1) With the exception of Football Clock Operators and student officials, each FHSAA official must view and successfully complete the online video rules presentation by the established deadline date, in the sport(s) in which he or she is registered each year. Student officials are strongly encouraged to view the video rules presentation with their mentors. Rules videos must be accessed through the officials’ FHSAA log-in. Individual officials must be registered in the sport prior to viewing the online video rules presentation.

(2) At the end of the video rules presentation cycle in each sport, officials who fail to complete a mandatory FHSAA online video rules presentation in the sport(s) for which they are registered shall be suspended from officiating at any FHSAA sanctioned contest, in any sport, at any level. This suspension shall be lifted upon payment of a video rules presentation non-completion fine in the amount of \$50 and the clearance of any other financial obligations to the

FHSAA that may be outstanding.

(3) An appeal for waiver of penalties assessed for failure to complete a mandatory FHSAA video rules presentation in a sport shall be submitted using the form provided on FHSAA.org for that purpose. Such an appeal must be received in the FHSAA Office not later than 15 calendar days from the date of the suspension notification.

103.02 Rules Examinations.

(1) Each FHSAA official, with the exception of Football Clock Operators and student officials, must take the supervised FHSAA online rules examination in the sport(s) in which he or she is registered each year. An official who attains Rank 1 status for five consecutive years in a sport, with the exception of swimming & diving (beginning in 2003-04) shall be exempted from the mandatory rules examination in that sport beginning with the sixth year and every other year thereafter as long as he/she maintains the Rank 1 status. Each official shall contact the FHSAA using the appropriate form. Therefore, testing would be required every other year thereafter to maintain the Rank 1 status.

(2) Officials wishing to officiate only regular season contests may take an online open-book examination in lieu of the closed-book online examination. Officials who take the online open-book exam may not take the online closed-book exam or vice versa. Officials who fail to post a minimum grade of 75 may take the online make-up exam [see s.103.03(1)].

(3) At the end of the examination cycle in each sport, officials who fail to take the mandatory FHSAA rules examination in the sport(s) for which they are registered shall be suspended, effective immediately, from officiating at any FHSAA sanctioned contest, in any sport, at any level. This suspension shall be lifted upon payment of a rules examination non-participation fine in the amount of \$50 and the clearance of any other financial obligations to the FHSAA that may be outstanding [see s.205.02(5)].

(4) The local officials association which each official designates as his/her primary local association will be notified of the official's grade via muster reports generated through the FHSAA interactive database after all rules examinations have been graded. Secondary local associations must consult with primary local associations as to the status of secondary members. Grades will be available through the online testing center but will not be given to individual officials over the telephone or via e-mail.

(5) An official who is found guilty of cheating on rules examinations will receive a grade of zero on the examination, placed on probation for one year and receive a fine of \$100.

(6) Individuals who register online may view their test scores via the online testing center after all rules examinations have been graded.

103.03 Making Up the Rules Examination.

(1) Officials who fail to take the online closed-book rules examination on its first administration or who fail to score "75" or better on the initial attempt of the exam will be given one opportunity to retake or make up the examination online (see p. 4). Officials who score a "75" or better on the initial exam will not be permitted to retake the exam. Officials retaking the exam because of a score lower than "75" on the initial exam will not receive a score higher than

“75” on the retake regardless of the number of correct answers recorded.

(2) Individual officials must be registered in the sport prior to taking an online make-up exam.

(3) Online make-up exams are closed-book only.

(4) Online make-up exams do not require pre-registration.

103.04 “75” Required to Officiate Varsity Contest.

(1) In order for an FHSAA official to officiate varsity level contests, the official must receive a grade of 75 or higher on the current year FHSAA online rules examination in the applicable sport. Any official who does not take the regularly scheduled FHSAA online rules examination will receive a grade of zero and will be ineligible to officiate varsity level contests during the current school year, or sub-varsity contests until the fine is paid or waived. Local officials associations may not assign officials who are not in compliance with this provision to officiate varsity or sub-varsity level contests.

(2) If, for any reason, the FHSAA Office is unable to grade the current year rules examination prior to the start of a sports season, the grade an official received on the previous year’s rules examination will be used to determine his/her eligibility to officiate a varsity level contest until such time as the current year grades become available, or until the FHSAA announces an effective date.

(3) An official who fails to post a minimum grade of “75” prior to the last date for the online open-book exam is not eligible to officiate varsity contests in that sport until the online makeup examination has been taken and a score of “75” or better has been awarded, unless a waiver in writing has been granted by the FHSAA.

(4) Exam grades become effective 14 days after the FHSAA Office posts the online make-up exam scores.

(5) Individual officials and officials associations which violate the provisions of s.103.04(1), s.103.04(2) or s.103.04(3) will be subject to monetary penalties, possible denial of registration and sanction for the following school year until all monetary penalties have been paid.

103.05 Field Clinics.

(1) The FHSAA each year will coordinate weekend field clinics for FHSAA officials on a regional basis throughout the state. These clinics provide in-depth classroom instruction in the mechanics of officiating, as well as an opportunity for on-the-field training. Attendance at these field clinics is mandatory as follows:

(a) All officials (with the exception of wrestling and swimming & diving) must attend a field clinic in their sport(s) at least once every four (4) years.

(b) Wrestling officials must attend once every three (3) years.

(c) Officials who do not meet these minimum field clinic attendance requirements will not be eligible for assignment to officiate an FHSAA State Series contest on the regional and state levels.

(2) Twelve (12) supplemental points on the promotional scale will be awarded each official who attends a Field Clinic. Points will only count toward the year in attendance.

(3) Online Field Clinic registration fees for the 2011-12 school year are as

follows:

- Football – \$40 in advance; \$50 at clinic site
- Volleyball – \$40 in advance; \$50 at clinic site
- Basketball – \$50 in advance; \$60 at clinic site
- Soccer – \$40 in advance; \$50 at clinic site
- Wrestling – \$40 in advance; \$50 at clinic site
- Baseball – \$50 in advance; \$60 at clinic site
- Flag Football – \$40 in advance; \$50 at clinic site
- Lacrosse – \$40 in advance; \$50 at clinic site
- Softball – \$50 in advance; \$60 at clinic site
- Track & Field – \$40 in advance; \$50 at clinic site
- Water Polo – \$40 in advance; \$50 at clinic site

Paper registrations will incur a \$10 processing fee.

(4) Prior to registering for a Field Clinic in a sport, an individual official must be registered in that sport. Both the Application for Registration as a Contest Official and the Field Clinic Registration Form must be RECEIVED by the FHSAA Office not later than 5 p.m. 14 days prior to the date of the Field Clinic. Field Clinic Registration Forms must be properly completed in order to be processed and may be downloaded from the officials web site and mailed with a check or money order to the FHSAA Office, or added to registration via the FHSAA interactive database with payment via Visa or MasterCard. Officials who do not meet the 14-day deadline and who wish to attend a Field Clinic must register on site. This is considered a late registration with an additional \$10 fee. Confirmation letters will be sent via e-mail to those officials registering to attend the Field Clinic prior to the 14-day deadline who meet the registration requirements. Registration fees are non-refundable and non-transferable.

104. Membership in Other Organizations

(1) The FHSAA does not require its registered officials to join or maintain membership in any organization other than a sanctioned local officials association. However, membership in such outside organizations is permissible provided: (a) the organization does not have guidelines, regulations, policies or procedures which conflict with those of the FHSAA; and (b) the organization does not practice discrimination.

(2) Business unrelated to the FHSAA officials program, such as recreational or youth league assignments, etc., shall not be a part of the agenda for any FHSAA-related meeting conducted by a local officials association. The assignment of officials to officiate FHSAA athletic events shall not be influenced in any way by assignments to work non-FHSAA events.

105. Cancellation of Registration

An official who registers with the FHSAA and who, during the same school year, is unable to continue to work as a contest official, must cancel that registration in writing to the FHSAA Office before the sport specific rules video and rules examination deadlines to avoid fines for not completing the FHSAA online video rules presentation and not taking the FHSAA rules examination. All financial obligations to the FHSAA outstanding at the time of cancellation must be cleared. Officials canceling their registration WILL NOT receive credit

for experience or games officiated in the sport in which registration is being canceled. Application fees for canceled registrations WILL NOT be refunded. Officials canceling their registrations in a given year are encouraged to register again in subsequent years as their individual situations permit. Officials are not required to register with the FHSAA in a given year if they do not intend to officiate during that year.

106. Rules of Conduct

The following provisions are rules of conduct by which all FHSAA officials are expected to abide. A violation of any one of these provisions may subject an offending official to a monetary penalty, suspension as an official, or both.

(1) All FHSAA officials must conduct themselves on and off the athletic field/court in a manner conducive to the best interests of the FHSAA, its member schools, and the interscholastic athletic program in general. No FHSAA official may pursue a course of action which is detrimental to the welfare of the FHSAA or its member schools.

(2) All FHSAA officials must comply with all FHSAA guidelines, regulations, policies and procedures as contained in this Officials Guidebook.

(3) All FHSAA officials must be neatly dressed in the appropriate uniform as prescribed in this Officials Guidebook, and project a physically fit appearance, when officiating a contest involving an FHSAA member school.

(4) All FHSAA officials must arrive on time for the contest as required by the rules of the applicable sport.

(5) All FHSAA officials should be in good physical condition, mentally ready to officiate the best possible contest and be fully cognizant of the sport's rules. Officials are expected to make each call as they see it without fear or favor, regardless of the score, and to hustle at all times.

(6) No FHSAA official may officiate a contest involving a school at which his/her child or immediate relative currently attends, the official himself/herself and/or a relative currently works, or from which the official himself/herself attended or graduated within the last seven (7) years.

(7) No FHSAA official may cancel a contract made between his/her local officials association and a member school or violate any provisions thereof without a reason that is satisfactory to the FHSAA.

(8) No FHSAA official may arrive or appear at the contest site with the odor of an alcoholic beverage on his/her breath.

(9) No FHSAA official may use tobacco or tobacco-like products during the contest or in the vicinity of the athletic court or field.

(10) No FHSAA official may engage in unsporting conduct.

(11) No FHSAA official may refuse to officiate any contest with another FHSAA official because that same other FHSAA official is or is not also a registered member of a national or international official's organization.

(12) No FHSAA official may officiate a contest or part of a contest which is classified as an "exhibition," "practice game" or "alumni game" including one or more member schools. Such games are prohibited by FHSAA Bylaws. This provision, however, does not preclude an FHSAA official from officiating an intra-squad contest or scrimmage in which all participants are students at the

same one school.

(13) No FHSAA official may publicly criticize or berate a coach or other employee of a member school. Professional ethics require that officials use proper channels to report their problems rather than airing them publicly.

(14) All officials must leave the visual confines of the contest at the conclusion of officiating duties as required by the NFHS rules of the applicable sport.

107. Athletic Injury Guidelines

The following guidelines are to be followed in the event an athlete is injured during a contest. These guidelines are for the protection of the injured athlete and the official(s).

(1) Coaches and medical personnel must be aware that some sports rules will require officials to charge the injured athlete's team with a time out.

(2) Coaches and medical personnel should be allowed to enter the field or court and should be given unlimited time to evaluate an injury and give emergency care. Officials should not request that coaches move an injured athlete.

(3) The officials' only role in dealing with athletic injuries is to stop play as soon as possible so that the injured athlete can receive attention as soon as possible. Officials must not offer medical advice or take any action to manage or treat any injury.

200. Local Officials Associations

201. Sanction

201.01 Sanction is Mandatory.

(1) Each local officials association must make application for or renew sanction each year with the FHSAA Office on a form via the FHSAA interactive database. A local officials association which fails to make application for or renew sanction with the FHSAA Office, or to which sanction is denied, will not be permitted to assign officials to athletic contests in which FHSAA member schools participate.

(2) A list of sanctioned local officials associations will be sent each school year to FHSAA member schools. Member schools may contract only with those local officials associations sanctioned by the FHSAA Office.

(3) Proposed new local officials associations may not contact member schools regarding contracts for contests until sanctioned by the FHSAA Office.

201.02 Request for New or Additional Sanctions. Associations that were not sanctioned by the FHSAA in the preceding school year may be considered for sanction by the FHSAA if they meet the following criteria:

(1) Such an association must successfully demonstrate in writing to the FHSAA's satisfaction the need for sanction of a new association in its geographic area.

(2) Such an association must properly complete and return to the FHSAA

Office an Application for Sanction as a Local Officials Association after satisfying s.201.02(1).

(3) Such an association, if approved, must have a unique name (i.e. one that is not already used, or similar to one being used, by a currently sanctioned local association) and adopt and submit a proposed constitution and bylaws. The constitution and bylaws must contain provisions for election of officers, establishment of committees, recruitment of new and minority officials, training of member officials, procedures for assigning member officials to contests, procedures for recommending member officials for State Series assignments, and a procedure for addressing grievances made by member officials. The proposed constitution and bylaws must be approved by the FHSAA Office, and must be reviewed every five (5) years.

(4) Such an association must provide to the FHSAA Office a copy of the IRS letter showing the association's name and the taxpayer identification number assigned to that name.

(5) A proposed new local officials association making application for sanction to the FHSAA must include with its application a list of the names of individual officials who are prospective members. Such prospective members shall not presently be "primary" members of any other viable local officials association sanctioned by the FHSAA.

(6) Consideration for sanction will not be forthcoming until the FHSAA has received a sufficient number of Applications for Registration as a Contest Official from individuals listing the applicant association as their primary association, such that the applicant association's membership will meet or exceed the FHSAA's minimum membership requirements set forth in s.201.04. Applicant associations that do not meet the minimum membership requirement in a specific sport by the date of the FHSAA's first registration material mailing WILL NOT receive final approval of sanction in that sport. In the event final sanction is withheld, individuals listing the applicant association as their primary association on their Applications for Registration as a Contest Official will be asked to redesignate their choice of local association for the affected sport.

201.03 Renewal of Existing Sanction. Local associations sanctioned by the FHSAA in the PRECEDING school year, provided they are in good standing with the FHSAA, may renew their sanctions June 1-10 if they meet the following criteria.

(1) An association requesting renewal of sanction must properly complete their renewal online. No members of a local association may register until the sanction is renewed by the association president.

(2) An association requesting renewal of sanction must have on file with the FHSAA Office a copy of the IRS letter showing the association's name and the taxpayer identification number assigned to that name as well as a current copy of its constitution and bylaws.

(3) The total number of member officials in the sport(s) for which an association is requesting renewal of sanction must meet or exceed the FHSAA's minimum membership requirements as set forth in s.201.04. Associations that do not meet the minimum membership requirement in a specific sport will not be sanctioned in that sport.

(4) An association sanctioned by the FHSAA in the preceding school year requesting sanction in a sport for which it was not sanctioned during the preceding school year must meet the criteria outlined in s.201.03(1) in the sport for which a new sanction is being requested.

201.04 Minimum Membership Requirements.

(1) In order to receive and/or renew a sanction for a given sport, local officials associations must meet the following minimum membership requirements: For sanction in the sports of baseball, basketball, flag football, soccer, softball, track & field, volleyball and water polo, 10 officials per sport. For sanction in the sport of football, 25 officials. For sanction in the sport of wrestling, five (5) officials. Local associations are sanctioned on a “by sport” basis, and membership totals in each sport will be computed as described in s.201.04(2).

(2) For sanctioning purposes, total membership in an association shall be defined as the total number of officials registered with the FHSAA who have designated the association as their PRIMARY local association in the specific sport(s) for which an association is sanctioned. This total shall be computed by the FHSAA after the administration date of the make-up examination in each sport, and be the basis for sanction renewal decisions for the next school year. Officials affiliated with an association on a secondary basis WILL NOT be counted as part of an association’s total membership. Officials registered with an association in one sport WILL NOT be counted in another sport unless they also are registered in that sport.

202. Membership in Local Association

202.01 Officials Required to Join. All FHSAA officials must join and maintain membership in a local officials association which has been sanctioned by the FHSAA Office. Individual officials may not contract with or otherwise offer their services to member schools.

202.02 No Official in Good Standing May be Refused. Each local officials association must afford membership to any FHSAA official in good standing who requests to join the sanctioned local officials association. Membership to an FHSAA official in good standing may not be refused.

202.03 Conditional Membership for First-Time Officials. Only registered FHSAA officials, in good standing, may be given membership in a local officials association. However, individuals making application for registration to the FHSAA Office for the first time may request and must be allowed to join a local officials association on a conditional basis until such time as the individual has been approved by the FHSAA Office.

202.04 Administration and Governance. Each local officials association shall adopt bylaws establishing its organizational structure and governance. These bylaws shall not be in conflict with any provision of FHSAA bylaws, guidelines, regulations, policies or procedures. Individual officials who have been placed on probation by the FHSAA shall not be eligible for election or appointment to any office within the local officials association until such time as his/her period of probation has expired or been rescinded.

203. Obligations of Officials Associations

The FHSAA has assigned the following obligations to each local officials association.

203.01 Education of Member Officials. Each local officials association is responsible for educating FHSAA officials in the rules of the sport in which they will officiate. It is important that each FHSAA official has a thorough knowledge of the rules before he/she officiates his/her first contest and takes the FHSAA rules examination.

203.02 Training of Member Officials. Each local officials association must hold a minimum of two training sessions for its member officials during the regular season in each sport. These training sessions should focus on application of the rules to specific situations and mechanics. Attendees at these training sessions and meetings may earn a maximum of 10 promotional points for attendance at a minimum of 10 sessions. Dates and content of training sessions must be submitted to the FHSAA Office in writing according to the calendar on page 4. Each training session shall be a minimum of one hour.

203.03 Distribution of Materials. Each local association will receive a mailing consisting of rules books, patches, and cards as well as other materials deemed necessary from the FHSAA. Field clinic and individual registration can be accessed via the FHSAA interactive database. It is the responsibility of the local association to distribute this material to its members. A schedule of material mailings is included on the first page of this guidebook.

203.04 Changes in Membership. Local associations are responsible for informing the FHSAA of any changes to, or discrepancies on, the muster reports (membership lists) that the FHSAA provides to the local association. This information should be provided to the FHSAA as soon as possible. Local association membership lists should match the FHSAA's association muster reports exactly.

203.05 Reports. Local associations are responsible for completing the "Games Officiated Report" online via the FHSAA interactive database by the applicable deadline. Associations may be requested to submit to the FHSAA Office a survey of membership demographics.

204. Committees

204.01 Committees are Mandatory. Each local officials association is required to have an evaluation, assignment, recommendations, grievance, and education/training committee. These committees exist to ensure that each local officials association operates in a fair and democratic manner which is in the best interest of each of its member officials. Any exception to the committees as established herein must be approved in writing by the FHSAA Office.

204.02 Composition of Committees. Neither an executive board member nor the assignment officer (booking commissioner) may serve as a voting member of any committee established herein. Only one of these officers may serve on a committee in an ex-officio capacity. No member may serve on more than one committee. An executive board member must recuse himself/herself if he/she is party to or otherwise involved in an appeal. Committees must consist of three or five members. Committees shall be selected/appointed based

on the local association's Articles of Incorporation.

204.03 Responsibilities of Committees.

(1) Evaluation Committee. The Evaluation Committee is responsible for setting up the process and selecting those individuals who will assist with the evaluation of member officials within the local officials association. Each official with two or more years experience should be evaluated at least once during each season. First-year officials should be evaluated periodically throughout the season so that mini-clinics may be offered, if necessary, to re-enforce good officiating skills.

(2) Assignment Committee. The Assignment Committee is responsible for overseeing the entire contest assignment procedure within the local officials association. This includes ensuring compliance with requirements on the composition of officiating crews, reviewing and approving each member official's schedule of assigned contests, and making the assigning officer aware of any corrections that need to be made before the assignment schedule is submitted to the membership. It is not implied that the Assignment Committee is to make assignments.

(3) Recommendations Committee. The Recommendations Committee is responsible for reviewing the evaluations of each member official during the regular season. This committee is also responsible for preparing and submitting to the FHSAA Office a list of member officials who deserve consideration for assignment to State Series contests. The assignment officer (booking commissioner) should act on the recommendations of this committee.

(4) Grievance Committee. The Grievance Committee is responsible for hearing complaints and appeals made or brought by one or more of its member officials. Member officials who have grievances because of penalties may appeal under the provisions of the local officials association's Constitution and Bylaws.

(5) Education/Training Committee. The Education/Training Committee is responsible for the planning, content and implementation of training sessions, including on-the-field/court training. This also includes educating local officials on FHSAA policies and procedures, NFHS rules and mechanics, and developing a curriculum that is current and effective in both content and methodology.

205. Regular Season Contest Assignments

205.01 Must be Made by Assignment Officer. The assignment of each member official to regular season contests (events that do not require FHSAA and/or NFHS sanctioning) must be made by the local officials association's assignment officer and approved by the association's Assignment Committee before being issued to the member official.

205.02 Criteria to be Followed in Making Assignments.

(1) The criteria to be followed in assigning a member official to a regular season contest are:

(a) The qualifications and ability of the official as determined by his/her FHSAA ranking, the official's performance on the most recent FHSAA rules

examination, and evaluations of the official made by the local officials association;

(b) No official may be assigned to work more than two home football games during a season for the same one team or more than four home games during a season for the same one team in any other sport;

(c) If a local officials association permits a school with which it is contracted to scratch or otherwise request that a particular official not be assigned to officiate its contests, the assignment officer must not assign that official to that school's home contests.

(2) Assignments giving preference to a particular school or official are prohibited.

(3) Crews assigned to officiate varsity level boys and girls contests must have one official with four or more years experience (Rank 1 or 2) unless a Rank 3 official is evaluated to be exceptional. The assignment of the referee for football should be a Rank 1 or Rank 2 official with a minimum of five years of FHSAA experience or its interscholastic equivalent.

(4) Crews assigned to officiate junior varsity contests must have a minimum of one Rank 1 or Rank 2 official.

(5) Officials who have not taken the sport exam for the current year may not work varsity contests after grades are posted unless approved by the FHSAA Office.

206. Officials Advisory Committee

206.01 Responsibilities of the Committee. The FHSAA has established an Officials Advisory Committee to advise the Board of Directors on matters pertaining to the officials community. The committee shall meet annually to make such recommendations and forward such comments as it deems appropriate to the FHSAA Board of Directors.

206.02 Nomination of Candidates.

(1) Candidates for election to the Officials Advisory Committee must be FHSAA officials in good standing, be registered in the same sport as the seat for which they are being nominated, and be nominated by their primary local officials association. Each local officials association may nominate one official for each sport in which they are sanctioned by the FHSAA. No official may be nominated in more than one sport. Nomination forms may be submitted online at FHSAA.org.

(2) Local associations will not be eligible to nominate a candidate for the Officials Advisory Committee in a particular sport if they currently have a member of their association serving on the Officials Advisory Committee in that sport (i.e., a member of a particular officials association may not succeed another member of the same officials association in the same sport).

(3) No official may succeed himself/herself as a member of the Officials Advisory Committee, either as the representative of the same or a different sport.

(4) Officials nominated by their local association for election to the Officials Advisory Committee will not be placed on the ballot if they are not properly registered and in good standing with the FHSAA at the time the ballot is pre-

pared or if their nomination does not meet one or more of the other provisions of the section.

206.03 Conduct of Elections. Elections will be held online every four years on a rotational basis by sectional representation. Odd sections (1 and 3) will be held on odd years beginning with 2004-05. Even sections (2 and 4) will be held on even years beginning with 2005-06. Each official is entitled to vote for one representative in the sport in which he/she officiates. Officials may only vote for candidates in their own sections. The candidate(s) (as applicable, in accordance with the provisions of s.206.02) with the most votes in each sport shall be declared the winner(s). The votes shall be counted upon the completion of the final FHSAA video rules presentation viewing in each sport.

Pursuant to FHSAA Policy 19.2.5, should a vacancy occur in any seat with an unexpired term on an advisory committee, the Executive Director shall appoint a qualified individual from the represented group to fill the vacant seat for the duration of the term.

206.04 Length of Terms. Each elected official will serve a term of four (4) years. To ensure that the terms of the members of the Officials Advisory Committee do not all expire in the same year, terms will be staggered.

300. Assignments to Officiate State Series

301. District Tournaments/Meets

301.01 Must be Made by Assignment Officer. The assignment of officials to officiate district tournaments/meets (with the exceptions of swimming & diving, track & field, and weightlifting) must be made by the assignment officer of the local officials association to which the officials belong and approved by the Assignment Committee, according to the following procedure:

(1) The principal of the district coordinator school should submit to the assignment officer of the appropriate local officials association a list of officials who have been selected by the school representatives (coaches) present at the district meeting to officiate their district tournament/meet;

(2) If the officials selected by a particular district already have been assigned to other district tournaments/meets, the assignment officer may assign other officials from his/her association to officiate the district tournament/meet. If, however, the officials selected by a particular district were specifically requested in writing by the district and those officials are unavailable, the assignment officer must notify the district coordinator of their unavailability.

301.02 Criteria to be Followed in Making Assignments. Criteria to be followed in assigning a member official to officiate a district tournament/meet are:

(1) The recommendation of the coaches in each district;

(2) The qualifications and ability of the official as determined by his/her FHSAA ranking, the official's performance on the most recent FHSAA closed-book rules examination (must have a minimum score of 80), and evaluations of the official made by the local officials association; and

(3) The official must have successfully completed the video rules presentation.

302. Regional & State Tournaments/Meets

302.01 Assignments.

(1) The assignment of officials to officiate a regional tournament or meet, as well as a state tournament or meet, will be made by the FHSAA Office. These assignments may or may not be made from the list of officials compiled by the association's Recommendations Committee as required in s.302.01(2), with the exceptions of swimming & diving, track & field and weightlifting.

(2) The Recommendations Committee within each local officials association must compile and submit by the prescribed deadline to the FHSAA Office a list of member officials who deserve consideration for assignment to a regional tournament contest or state tournament contest. This list of recommended officials must be approved by majority vote of the local officials association membership prior to its submission to the FHSAA Office.

302.02 Criteria to be Followed in Making Assignments. Those officials in each sport who have met the following criteria will be given priority consideration for selection to officiate State Series contests:

(1) Officials who are classified by the FHSAA as Rank 1 or Rank 2 in that sport;

(2) Officials who were selected to officiate a district tournament contest in that sport;

(3) Officials who have scored "80" or above on the FHSAA closed-book rules examination for that year in that sport;

(4) Officials who have viewed and successfully completed the FHSAA online rules video presentation, by the established deadline, for that year in that sport;

(5) Officials who have completed a field clinic within the previous four years, with the exception of swimming & diving;

(6) Officials who are recommended to the FHSAA Office by the local officials association to which they belong. (The FHSAA Office may request the local association to submit regular season evaluations for recommended officials.)

302.03 Payment of Fees for State Series Contest. The host member school will be notified of the appropriate fees to be paid officials assigned to officiate State Series contests on the regional level. Checks in payment for officials' services must be issued to the local officials association to which the officials belong. Checks issued to officials' associations for payment of state series games may be presented to the crew at the game site or mailed immediately to the association's address.

400. The Coach-Official Conference

401. Calls Based on Rules

401.01 Procedure for Conducting Conference. A conference requested by

a head coach or by a team captain on behalf of the head coach to discuss rule enforcement should be conducted according to the following procedure:

- (1) The head coach or team captain must request a time-out when the rules governing the contest allow;
- (2) The head coach or team captain must inform the referee or umpire-in-chief that he/she requests a conference at the sideline to discuss a rule;
- (3) The referee or umpire-in-chief must honor such requests;
- (4) The rule in question should be briefly and courteously discussed and the correct decision should be reached;
- (5) The referee or umpire-in-chief must correct all errors, if errors are made, providing they are correctable according to the rules governing the contest;
- (6) Finally, the contest should be resumed without delay.

402. Judgment Calls

402.01 Conference to Discuss Judgment Call Prohibited.

- (1) A judgment call on the part of an official is not subject to question or discussion. No conference to discuss a judgment call may be granted by an official.
- (2) An official must refrain from discussing a judgment call made during a contest with coaches, players, spectators and members of the news media.

500. Disqualifications (Ejections) of Athletes and Coaches

501. Sportsmanship and Unsporting Conduct (Policy 30)

501.01 Sportsmanship and Ethics. Student-athletes, coaches, administrators, spectators and all other persons connected directly or indirectly with a member school, as well as contest officials, shall adhere to the principles of good sportsmanship and the ethics of competition before, during and after all contests in which they participate and/or attend.

501.02 Unsportsmanlike Act by a Student-Athlete

- (1) **Penalties Assessed the Student-Athlete.** Student-athletes who commit unsportsmanlike acts before, during or after a contest will be subject to the following suspension levels as determined by the designee of the Executive Director:
 - (a) Level 1 Suspension. A student-athlete who commits an unsportsmanlike act or a flagrant foul for which he/she is ejected from the contest, will be ineligible to compete for the remainder of that contest and for a minimum of the next two (2) contests, at the same level of participation in the sport of the suspension and in and any interscholastic athletic contest in any sport, at any level, during the period of suspension, in all sports except football. For football, the student will be ineligible for one (1) football game, at the same level of participation, and any interscholastic athletic contest in any sport during the period of suspension. If the unsportsmanlike act or flagrant foul occurs in the last contest of a season, the student will be ineligible for the same period of

time as stated above in the next sport in which the student participates; or

(b) Level 2 Suspension. A student-athlete who receives a second Level 1 Suspension or commits an unsportsmanlike act, as defined in Bylaw 7.2.1 will be ineligible to compete in any interscholastic athletic contest in any sport, at any level, for a period of up to six (6) weeks; or

(c) Level 3 Suspension. A student-athlete who receives a second Level 2 Suspension or commits an egregious unsportsmanlike act, as determined in the sole discretion of the Executive Director, will be ineligible to compete in any interscholastic athletic contest in any sport for a period of up to one (1) year; or

(d) Level 4 Suspension. A student-athlete who receives three (3) or more Level 2 Suspensions or commits an egregious unsportsmanlike act, as determined in the sole discretion of the Board of Directors, will be ineligible to compete in any interscholastic athletic contest in any sport for the duration of the student-athlete's high school career.

(e) It is the responsibility of the local school authorities to ensure this policy is enforced. When an ineligible student is allowed to participate, forfeiture of the contest is mandatory. This policy applies to all regular season and State Series contests.

(2) Penalties Assessed the School.

(a) In the event that more than three (3) students from the same school have been charged with any suspension level, as defined in Policy 30.2.1, in any one sport, beginning with the fourth suspension, the school will be immediately placed on administrative probation in that sport for one or more years, and will be assessed a minimum financial penalty of \$100 per suspension in that sport for the remainder of that sport's season.

(b) On the first Level 2 suspension or higher, as defined in Policy 30.2.1, of a student in any sport, a written warning shall be issued to the school that each subsequent suspension, at Level 2 or higher, in any sport will subject the school to a minimum financial penalty of \$250 per occurrence. Beginning with the next suspension, at Level 2 or higher, of a student the minimum financial penalty of \$250 will be assessed.

501.03 Unsportsmanlike Act by a Coach

(1) **Penalties Assessed the Coach.** Coaches who commit unsportsmanlike acts before, during or after a contest will be subject to the following suspension levels as determined by the designee of the Executive Director:

(a) Level 1 Suspension. A coach who commits an unsportsmanlike act for which he/she is ejected from the contest, will be ineligible to coach for the remainder of that contest and for a minimum of the next two (2) contests, at the same level of participation in the sport of the suspension and in any interscholastic athletic contest in any sport, at any level, during the period of suspension, in all sports except football. For football, the coach will be ineligible for one (1) football game, at the same level of participation, and any interscholastic athletic contest in any sport during the period of suspension. If the unsportsmanlike act occurs in the last contest of a season, the coach will be ineligible for the same period of time as stated above in the next sport in

which the coach participates; or

(b) Level 2 Suspension. A coach who receives a second Level 1 Suspension or commits an unsportsmanlike act, as defined in Bylaw 7.2.1 will be ineligible to coach in any interscholastic athletic contest in any sport, at any level, for a period of up to six (6) weeks; or

(c) Level 3 Suspension. A coach who receives a second Level 2 Suspension or commits an egregious unsportsmanlike act, as determined in the sole discretion of the Executive Director, will be ineligible to coach in any interscholastic athletic contest in any sport for a period of up to one (1) year.

(d) When a coach is disqualified (ejected) from a contest, the coach shall immediately leave the premises or facility (i.e. gymnasium in basketball, volleyball and wrestling; stadium/field in baseball, football, soccer and softball, etc.) to a place where the coach is not visible to either student-athletes, officials, spectators or other coaches; and to where the contest itself is not visible to the coach. A disqualified (ejected) coach shall not have any further contact with or give instruction to athletes or other members of the coaching staff for the remainder of the contest, including halftime intermission, breaks between quarters, periods or innings and post-contest activities.

(e) A coach who is suspended from the next contest or number of contests after having been disqualified (ejected) from a previous contest shall not attend the contest(s) from which he/she has been suspended in any capacity and shall not be present at the site(s) of such contest(s). A suspended coach also shall be prohibited from accompanying his/her team to the site(s) of such contest(s).

(f) All coaches who have been disqualified (ejected) from a contest must complete the National Federation of State High School Associations (NFHS) Fundamentals of Coaching Course. This course is accessible from the eClassroom logo on the FHSAA website (fhsaa.org). This course must be completed by the end of the coach's suspension. A copy of the coach's certificate of completion must be forwarded to the FHSAA Office.

502. Procedure for Disqualification of an Athlete

An FHSAA official must adhere to the following procedure when disqualifying (ejecting) an athlete from a contest:

(1) Call timeout. Stop the action.

(2) Do not hurry. If an athlete is disqualified (ejected), request the athlete to accompany you to his/her team bench or box. Go directly to the head coach and clearly notify the head coach directly that the player is disqualified (ejected). Provide both the athlete and the head coach with a statement of explanation as to why the athlete is disqualified (ejected). Be professional, courteous and assertive. Do not, however, debate the issue with either the athlete or the coach.

(3) Go to the opposing head coach and notify him/her that the athlete has been disqualified (ejected) and provide him/her with the exact same statement of explanation.

(4) Report the disqualification (ejection) to the official scorekeeper if the

rules of the contest so require.

- (5) Resume the contest.

503. Disqualification (Ejection) of a Coach

503.01 Procedure for Disqualification. An FHSAA official must adhere to the following procedure when disqualifying (ejecting) a coach from a contest:

- (1) Call timeout. Stop the action.

(2) Do not hurry. Go directly to the head coach and clearly notify him/her that he/she or, if applicable, another member(s) of his/her coaching staff is disqualified (ejected). Provide the head coach with a statement of explanation as to why he/she or the member(s) of his/her coaching staff is disqualified (ejected). Inform the disqualified (ejected) individual that he/she must leave the premises (facility) for the remainder of, and after, that contest and that he/she may not give any further instruction to, have any further contact with, or confer with athletes or other members of the coaching staff for the remainder of the contest. Be professional, courteous and assertive. Do not, however, debate the issue with any member of the coaching staff.

(3) Go to the opposing head coach and notify him/her that the coach has been disqualified (ejected) and provide him/her with the exact same statement of explanation.

(4) Report the disqualification (ejection) to the official scorekeeper if the rules of the contest so require.

- (5) Resume the contest.

503.02 Disqualified Coach Must Leave Premises.

(1) A coach who is disqualified (ejected) from a contest must leave the premises (facility) and may not give any further instruction to, have any further contact with, or confer with athletes or other members of the coaching staff for the remainder of the contest, including halftime, breaks between quarters and other intermissions, and following the contest. The coach may not sit in the spectator seating area, stand beyond the fence, etc. The coach must remove himself/herself from the (premises) facility to a position where he/she is no longer visible to the participants and spectators and the competition is no longer visible to the coach. The coach shall not be at the contest site in any capacity for a minimum of the following two regularly scheduled contests on any level and seven days. The coach may not communicate to his or her team, assistant coach(es) or fans by any means of technology.

(2) If a coach who has been disqualified (ejected) from a contest refuses to leave the premises (facility) as specified in s.503.02(1) or is intent upon continuing to coach his/her athletes or conferring with other members of his/her coaching staff in defiance of the officials, the officials are instructed to discontinue the contest and declare it a forfeit.

(3) If a coach or coaches are disqualified (ejected) from a contest and no other authorized school personnel is available to take charge of the athletes, the contest must be suspended. In volleyball, the offending team must forfeit per NFHS Rule 1-7-2b.

504. Protocol after Disqualification is Administered

504.01 Official May Not Hear Appeal or Reverse Decision. Once an official has disqualified (ejected) an athlete and/or coach, the official may not entertain any appeal from the athlete, coach, athletic director, principal, parent, spectator or any other individual associated with the school. The disqualification (ejection) of an athlete and/or coach is a judgment call and may not be reversed. The official's decision is final. All questions regarding appeals must be referred to the FHSAA Office.

504.02 Official May Not Discuss Penalty for Disqualification. Under no circumstance should an official discuss with an athlete, coach, athletic director, principal, parent, spectator, news media or any other individual the disciplinary penalty which may be assessed an athlete or coach who is disqualified (ejected) from a contest. That penalty will be decided and processed by the FHSAA Office which will communicate such penalty directly to the school's principal or FHSAA representative.

504.03 Official Not Responsible for Enforcing Penalty. An official is not to enforce any disciplinary penalty assessed an athlete and/or coach who is disqualified (ejected) from a contest. Should, however, the official be aware of a school, coach or athlete's failure to comply with such disciplinary penalty, it is the duty of the official to report the offense to the FHSAA Office. Under no circumstance may an official approach the offending individual(s) directly.

505. Policy on Crowd Control

FHSAA policy requires the home school administration be responsible for the control of spectators during an athletic contest and recommends that the home school secure uniformed security to assist with this responsibility. However, the officials assigned to officiate a contest are responsible for the conduct of the contest. In the event a spectator or spectators interfere with the conduct of a contest or cause an official to become distracted through continual, unrelenting verbal abuse, the official should immediately stop the action and report the spectator or spectators to the home school administration or the nearest uniformed security officer and ask that they be restrained or removed from the facility. If the home school administration or uniformed security is unwilling or unable to comply and the official does not believe the contest can be safely continued, the official must declare the contest ended at that point. Under no circumstance should an official ever confront, challenge, rebuke or threaten a spectator, or make gestures of any kind toward a spectator before, during or after a contest. If a replay system is used during the regular season, a play may not be shown more than once when it is focused on an official's call. During a state series contest, the FHSAA will monitor any replay system.

506. Notifying FHSAA Office of Incidents

506.01 When Written Reports Must Be Filed. Officials must file a written report online with the FHSAA Office within 24 hours (preferably by the end of the contest) using Form AT6, the "Unsporting Conduct Incident Report" form, which is provided on FHSAA.org, when:

(1) An athlete or coach is ejected for any reason from a contest (with the exception of an athlete who receives a blue card in soccer);

(2) An athlete or coach is guilty of a flagrant act and/or unsporting conduct before, during or after a contest for which he/she is not ejected;

(3) A contest must be temporarily stopped due to unsporting conduct on the part of a spectator or spectators;

(4) A contest, for whatever reason, does not go to its normal conclusion.

(5) The contest facility is, in the official's opinion, judged to be unsafe for participants, or hazards are present; and

(6) The contest facility or team equipment/uniforms do not meet rule specifications.

506.02 When Verbal Reports Must Be Filed. 900. Officiating Fees

901. Establishing Fees

901.01 Agreements with Schools.

(1) Officiating fees should be agreed upon by negotiations between local officials associations and the member schools which they serve.

(2) The FHSAA requires that local officials associations enter into a written agreement or contract with each school, district school board, conference, league, etc. which the association serves during the regular season. This document should contain all financial terms and conditions, as well as detail the obligations of both parties. Events requiring sanction from the FHSAA Office and or NFHS must be submitted under a separate contract and may have no bearing on the regular season contract. District tournament assignment as in s.301 may not be included in the regular season contract. The agreement shall require the signatures of the authorized representatives of both parties. Each local officials association shall submit a copy of its contract to the FHSAA Assistant Executive Director for Athletic Services not later than one full calendar week prior to the start of regular season competition.

(3) The accomplishment of any agreement or contract can be complete only when the fee or fees agreed upon are within the ability of the school to pay and are also commensurate with the services rendered. Any agreed upon fees must be within the maximum allowed by the FHSAA official pay scale.

902. Maximum Pay Scale

Only local officials associations that have complied with the addition and selection of of the Education/Training Committee as requested by the Board of Directors are eligible to charge the 2011-12 maximum fee rate. Associations that do not comply must use the “without training component” maximum rate table. This scale does not preclude payment of lower fees if agreed upon. Fees are per official.

(2) A player who commits a second violation of any of the violations listed in NFHS Rule 12-8-1 (a-f) shall be issued a second caution (yellow card), may be substituted immediately and shall be disqualified from further participation in that game. Officiating mechanic/signal: The reporting official must show the yellow card with one hand raised and indicate with the other hand that it is a second yellow card by forming a “V” with the index and middle fingers.

The timeout shall occur when there is stoppage immediately prior to or after the 20-minute mark at the discretion of the referee when there is no immediate offensive scoring opportunity.

2007.06 Overtime Procedure. The overtime procedure to be used in the state series, as well as invitational tournament games, is as follows (Note: schools hosting invitational tournaments during the regular season may use this entire overtime procedure or go directly to penalty kicks as specified in s.1007.06(3):

(1) Following a five-minute interval, there shall be a maximum of two (2) 10-minute sudden-victory overtime periods. A coin toss as specified in NFHS Rule 5-2-2(d)(3) shall be held in advance of the first sudden-victory overtime period. The first goal scored in the sudden-victory overtime period will terminate the game. If the score remains tied at the end of the first sudden-victory overtime period, the teams shall change ends of the field after a two-minute interval and play a second sudden-victory overtime period.

(2) If a tie still exists following the second sudden-victory period, the head coaches and team captains for both teams will meet with the officials at the halfway line to review the procedure for penalty kicks as follows:

(d) Teams will alternate kickers. There is no follow-up on the kick.

(e) The defending team may change the goalkeeper prior to each penalty kick.

(f) The team scoring the greatest number of these kicks will be declared the winner.

(g) Add one goal to the winning team score and credit the team with a victory. An asterisk [*] may be placed by the team advancing to indicate the advancement was the result of a tie-breaker system.

(3) If the score remains tied after each team has had five penalty kicks:

(a) Each coach will select five different players than the first five who already have kicked to take the kicks in a sudden victory situation, wherein if one team scores and the other team does not score, the game is ended without more kicks being taken. If a team has fewer than 10 available players at the end of the first set of kicks from the penalty mark due to either injuries or disqualification, the coach must use all players who have not participated in the first five kicks. The coach may choose additional players from the first five kickers to ensure that five different players participate in the second set of kicks.

(b) If the score remains tied, continue the sudden victory kicks with the coach selecting any five players to take the next set of alternating kicks. If a tie remains, repeat s.1007.06(3)(a).

(5) The Misconduct Procedure as listed in NFHS Rule 12.8 shall be in effect during the penalty kick phase of overtime.

2008. Softball Regulations

(4) **Completed Game:** A regular season game that has been called because of rain, mechanical or other conditions after four-and-one-half or five innings have been completed will be declared a completed game if a winner can be determined.

(5) **Coaches Boxes:** First base and/or third base coaches' boxes may be occupied by a player or coach in team uniform. Any time a coach is in live-ball area to confer with players or an umpire, or to occupy a coaches box, the coach shall be attired in school uniform or jersey/coaching shirt with coaching shorts/slacks or warm-up suits (including fleece warm-ups) in school colors or colors of black, khaki, white or gray. Cotton t-shirts, cutoffs and/or any type of jeans are prohibited. All coaches must be dressed in the same apparel of the same color. Jackets are not considered part of the coach's uniform. - **4-2-3.** Time limit for sub-varsity level only [see s.1007.01(2)].

(2) The following National Federation rules, which are optional by state association adoption, have not been approved or adopted by the FHSAA:

2009. Swimming & Diving Regulations

2009.01 FHSAA Rule Modifications. NFHS Swimming & Diving Rules, as modified by the FHSAA, are the official rules for all swimming & diving contests. The following modifications to those rules have been adopted by the FHSAA:

• **Whistles:** The use of whistles as preparatory commands is the method for all starts at all levels of competition.

• **2-3-1, 2-7-2. Water depth:** In pools with a water depth at the starting end of less than five (5) feet, the start for all swimming events for all contestants must begin in the water. There will be no variances. In pools with a water depth of five (5) feet or more, starting platforms may be used in accordance with NFHS rules.

• **3-1-2(b, c). Entries by team:** Each team will be allowed a maximum of two entries per individual event and two entries per relay event in a pool with five lanes or less; a maximum of three entries per individual event and two entries per relay event in a pool with six or seven lanes; and a maximum of four entries per individual event and two entries per relay event in a pool with eight lanes or more in dual meets.

• **3-2-1. Entries by individual:** A competitor will be permitted to enter a maximum of four (4) events, no more than two (2) of which may be individual events. Prelims and finals are considered the same event. If, however, a swimmer competes in only three (3) events in prelims, he/she could compete

in those three events as well as an additional relay in finals provided he/she was designated on that relay entry card.

- **3-2-1(a). Exhibitions:** Exhibition swimming & diving and/or practice diving during a meet is strictly prohibited. Only those students who are properly entered may participate in a swimming and/or diving event. Extra lanes may not be used by students who are not entered in an event.

- **3-2-3. Relay card procedures:** Relay athletes are to be listed left to right in the order that they will swim. Relay teams are to present completed card to the lane timer at the time of the swim. Names may not be added after preliminary heats have been completed. Only the names listed on the prelim card (up to 8) are eligible to swim in the finals.

- **3-3-1. Uniforms:** Any uniform that is used by a swimmer must cover ALL of the buttocks (and breasts for girls) and must be made of a material that does not become transparent when wet. Any competitor in violation of this rule will not be allowed to enter into competition until the offending attire is replaced. If a competitor is found in violation of this rule after entering an event, the competitor will be further disqualified from that event and will not be allowed to participate further until the offending attire is replaced.

- **3-3-3. Competitors with Disabilities:** A competitor with a disability may request specific accommodation(s) in the start, strokes, turns etc. which does not require equipment, providing the accommodation(s) does not fundamentally alter the sport and/or no advantage is gained. Disability is defined as a permanent physical or mental impairment that substantially limits one or more major life activities. The Referee has the authority to modify the rules for the competitor. Requests for accommodations that are not provided for in this section shall be requested through the FHSAA Office per NFHS Rule 3-3-3.

(a) **Responsibilities.**

- Swimmer — The swimmer (or the swimmer's coach) is responsible for notifying the Referee, prior to the competition, of any disability of the swimmer. The swimmer/coach shall provide any assistant(s) or equipment (tappers, deck mats, etc.) if required.

- Referee — The Referee's responsibilities include:

- Inquiring with regard to the swimmer's needs and determining what modifications will be utilized.

- Instructing the Starter and Stroke & Turn officials as to the accommodations to be made for that swimmer.

(b) **Modifications.** Some of the modifications which the Referee may make to accommodate the swimmer with a disability are:

- A change in starting position.

- Reassignment of lanes within a heat, e.g., exchanging Lanes 2 and 7.

- Allowing the swimmer's assistant(s) on the deck or in the water to assist with a start. Other allowable modifications are further described in this section under the type of disability.

(c) **Use of ID card for swimmers with a disability.** All swimmers with a disability, who have an International Paralympic Committee authorized classification, will be issued an ID card listing their specific International Paralympic Committee swimming rule exceptions on the reverse of the card. Swimmers

shall be judged under these specific exceptions, when documentation is presented.

(d) **Blind and visually impaired.**

- Start — With an audible starting system, no modification is usually required for a blind or visually-impaired swimmer. They may, however, require assistance getting to and on the block. Should they feel insecure starting from the block or deck, an in-the-water start may be allowed.

- Turns and Finishes — A blind or visually-impaired swimmer is permitted to have a “tapper”, which is a pole with a soft-tipped end. The swimmer is tapped with the “tapper” as notification of turns and the finish. Sound devices shall not be used. It is the swimmer’s responsibility to provide the tapper(s) and operator(s), who shall be positioned within the confines of the swimmer’s lane at the ends of the pool.

- Relay Take-Offs — A physical touch may be required to signal the relay swimmer when his/her teammate has touched the wall. The specific method may be tailored to the swimmer’s preference so long as it does not aid the swimmer’s take-off or interfere with the timing.

(e) **Deaf and hard of hearing.**

- Deaf and hard of hearing swimmers may require a visual starting signal, i.e., a strobe light (when available) and/or Starter’s arm signals. The Referee may reassign lanes within

the swimmer’s heat, i.e., exchanging one lane for another, so that the strobe light or Starter’s arm signal can more readily be seen by the deaf or hard of hearing swimmer. Standard Starter’s arm signals are shown in Figure 1. A recall rope is required in the event of a heat being recalled.

- Strobe light location (when available)— The Starter shall advise the swimmers about the location of the strobe light and the light shall be located where the swimmers can clearly see it for the start. For backstroke starts, the light should be positioned so that the swimmers don’t have to turn their heads to look backwards.

(f) **Mentally impaired.** A deck or in-the-water start is allowable and the swimmer may be permitted to have an assistant on the deck when necessary. No other specific rule modifications are required other than patience and clarity in communicating instructions.

(g) **Physical disabilities.**

- Start — Swimmers with physical disabilities: May take longer to assume their starting position;

- May not be able to hold onto the starting grips or gutter for a start;

- May need assistance on the deck or from in the water to maintain a starting position;

- May need to assume a modified starting position on the blocks, deck, gutter or in the water in order to maintain their balance.

- For freestyle, breaststroke and butterfly, a forward start (facing the course) shall be used. The Referee, however, may allow modifications such as the following:

- The swimmer may start from a sitting position on the block or on the deck;

- The swimmer may assume a starting position in the water, with or without assistance;

- If the swimmer cannot use a hand and/or foot to maintain contact with the wall, some other part of the body may be used.

- For breaststroke and butterfly, after the start and after each turn, a swimmer who is unable to push off with the leg(s) may perform one asymmetrical stroke to attain the breast position.

- Stroke/Kick — In judging the stroke or kick of a swimmer with a physical disability, the Referee and Stroke & Turn Judge should follow the general rule that: if a part of the body is absent or cannot be used, it is not judged; if it is used during the stroke or kick, it should be judged in accordance with the NFHS rules and Regulations. Judgments should be made based on the actual rule — not on the swimmer's technique. For example, the breaststroke swimmer with one arm or leg shorter than the other, may have a non-symmetrical stroke or kick, but as long as the arm or leg action is simultaneous, it would meet that portion of the rule. No flotation devices should be permitted.

- Turn/Finishes — Touches shall be judged in the same manner as strokes and kicks, i.e., on the basis of the arm(s) and/or hand(s) that the swimmer can use. In breaststroke and butterfly events, the swimmer must reach forward as if attempting a simultaneous two-hand touch. When a swimmer has a different arm length, only the longer arm must touch the wall, but both arms must be stretched forward simultaneously. Swimmers with no arms or with upper limbs too short to stretch above the head may touch the wall with any part of the upper body.

- Relays — Relay swimmers who cannot exit the water immediately may be allowed to remain in the lane until all relays have finished so long as they do not interfere with the other swimmers or the timing equipment.

- **8-1-1,2. Starts:** All FHSAA events will utilize the NFHS Suggested Guidelines for Starters' Protocol for whistle starts.

- **8-1-6. No Recall Procedures:** No Recall Start Procedures will be conducted during all FHSAA swimming events. Meets are to be conducted according to the following protocol:

- (a) **One Official.**

- The official shall:

- Upon observing a false start, raise a hand with open palm as soon as possible after the start, but before the swimmers have completed their first length, indicating the violation.

- At the completion of the race, s/he shall notify the swimmer(s) and/or coach(es) of the disqualification.

- (b) **Dual Confirmation.**

- The referee shall:

- Upon observing a false start, record in writing the lane or lanes that have committed a false start.

- Compare written records with the starter and, upon confirming that both have observed the same violation, will disqualify the swimmer(s). S/he will also notify the swimmer(s) and/or coach(es) of the violation.

- The starter shall:

- Upon observing a false start, record in writing the lane or lanes that have committed a false start.

- Compare written records with the referee to confirm/not confirm the potential violation(s).

(c) **Recalling the Entire Heat.** The starter/referee may recall the entire heat:

- When the start is such that the starter/referee is not satisfied that the race was properly begun, it is always permissible for the starter/referee to recall the entire heat.
- It is not necessary to charge any swimmer with a false start under these conditions, although that may also occur.

• Things that negatively affect the start (such as a loud noise just as the starting signal is given that affects one or more swimmers) should be part of any starter's awareness when commencing a race.

• **9-4-6. Voluntary Dive Groups:** The voluntary dive groups and the corresponding calendar week for the 2011-12 FHSAA Regular Season are as follows: Week 1 Forward, August 29-September 3; Week 2 Back, September 5-10; Week 3 Inward, September 12-17; Week 4 Twisting, September 19-24; Week 5 Reverse, September 26-October 1. In the case of a regular season meet that is postponed and subsequently rescheduled, the voluntary dive group that is required for the calendar week that the meet is rescheduled will be used.

• **9-6-1. Diving Officials:** In state series events, a minimum judging panel of five judges is required.

2009.02 State Series.

(1) **Pools.** An eight (8)-lane pool, with adequate warm-up and warm-down lanes, is preferred for all state series meets.

(2) **Athletic Trainers.** The presence of a certified athletic trainer or medical staff is recommended for all state series meets.

(3) **Squads.**

(a) Scratched Contestant. A contestant who is entered into an individual event in the FHSAA State Swimming & Diving Series on any level and is later scratched from that event will be disqualified from participating in all remaining events in that meet and as an individual on succeeding levels in that event.

(b) Substitutions. No substitution may be made for any individual in any event, once entered, who qualifies to participate in an event but is unable to compete. This applies to individuals who qualify from the district meet to the regional meet and from the regional meet to the FHSAA Finals, and between the prelims and the finals on any level.

(c) Relay Personnel. Relay personnel may be changed between the district and regional meets, between the regional meet and the FHSAA Finals, and between the prelims and finals on any level as long as such change is made in compliance with procedures established by the FHSAA and does not result in an overentry. Language regarding relay card procedures per Board approval?

(d) Alternates. An alternate who wishes to be considered for an open lane during finals must report to the referee dressed and ready to swim prior to the event. These athletes should remain in the referee/starters area and be prepared to respond to a call for an alternate swimmer. No swimmers will be called from the stands. Should a lane vacancy occur, the referee will instruct the announcer or starter to call for the first alternate. If the first alternate is not in the referee/starters area and prepared to swim, the referee will instruct the announcer or starter to call for the second alternate. If the second alternate is not in the referee/starters area and prepared to swim, the referee will order the

race started with vacant lanes. Alternates are only permitted within the district, region and FHSAA Finals meets. They are not considered for advancement between the levels.

(e) **Ties.** In swimming events, all ties in preliminaries which would result in more than eight qualifiers to the consolation or championship finals must be broken by a swim-off.

2009.03 Failure to Appear and Compete.

(1) **District/Regional Meets.** A contestant who is entered and does not show up/scratches at the time of the preliminary event or does not show up/scratches for a final event shall be disqualified for the remainder of the meet. (Once the competitor's name has been entered for the event, he/she is charged with that event.) A relay team shall be disqualified under the same provision. Individuals or relay teams missing an event because of unexcused lateness shall not be excused and shall be disqualified for the remainder of the meet. Failure to participate in the district/regional meet by an individual or relay team is a violation of FHSAA policy and shall subject the school to a \$50 penalty unless the reason for failure to participate is approved by the FHSAA Office.

(2) **FHSAA Finals.** If an individual qualifies for the FHSAA Finals and does not show up/scratches at the time of the preliminary event or does not show up/scratches for a final event shall be disqualified for the remainder of the meet. (Once the competitor's name has been entered for the event, he/she is charged with that event.) A relay team shall be disqualified under the same provision. Individuals or relay teams missing an event because of unexcused lateness shall not be excused and shall be disqualified for the remainder of the meet. Failure to participate in the FHSAA Finals by an individual or relay team is a violation of FHSAA policy and shall subject the school to a \$50 penalty unless the reason for failure to participate is approved by the FHSAA Office.

(3) **General.** A student-athlete who qualifies in a state series meet is expected to compete on successive levels of the state series unless ill, injured, suspended due to disciplinary action, or for any other reason acceptable to the Executive Director. A school must submit in writing to the FHSAA Office the name of the student-athlete and an explanation for the inability to compete in advance of the competition whenever situations make it possible to do so.

125 pounds and under	171 pounds and under
130 pounds and under	189 pounds and under
135 pounds and under	215 pounds and under
140 pounds and under	285 pounds and under

A student cannot wrestle more than one weight class above the weight class in which his/her actual weight places him/her, and must never wrestle in a weight class below his/her minimum certified weight class.

(2) **Growth Allowance:** The FHSAA Board of Directors has adopted the use of the 2-pound growth allowance as permitted in National Federation Rule 4-4-4. On or after Dec. 26, each weight class will be permitted a 2-pound growth allowance. This regulation is intended to encourage wrestlers to increase their strength, and thereby their muscle mass; and to discourage wrestlers from crash dieting to reduce weight so as to remain eligible in a lower weight class. Coaches and athletes are encouraged to use this provision accordingly. When

there are consecutive days of team competition, there shall be a one-pound additional allowance granted each day for all wrestlers up to a maximum of two pounds. In order to be granted this one-pound additional allowance, a minimum of 48 hours advance notice is required for opponent(s).

(3) **NWCA Pre-Match Weigh-In Form:** The NWCA Pre-Match Weigh-In form is required in order to weigh-in. Failure to have the Pre-Match Weigh-In form will prevent a team from weighing-in, thus eliminating that team from competing. The Pre-Match Weigh-in form must be used as follows during the weigh-in:

(a) The wrestler's exact weight will be written in ink opposite the name of each wrestler who weighs in prior to the meet.

(b) Any challenge of a minimum certified weight class must be made before the last wrestler has been weighed. A wrestler who has his/her minimum certified weight class challenged will be allowed to compete. The Executive Director must be notified in writing of the challenge.

(c) Both coaches and the referee must sign the form.

(d) The form must be exchanged prior to the final match of the meet. For tournaments, a copy of the form must be given to the tournament director prior to the start of the tournament.

(4) **Weigh-ins.**

(a) Contestants must weigh-in each day they participate for regular season dual meets a maximum of one hour prior to the time a dual meet is scheduled to begin. This rule permits the weigh-in to begin at 7 p.m. for a dual wrestling match which is scheduled to begin at 7:30 p.m. This rule DOES NOT require a 30-minute wait between the end of the weigh-in and the scheduled beginning of the wrestling match. Each team may weigh-in a maximum of two wrestlers for each weight classification. Exact weights are required for each wrestler who weighs in for a contest. Rule 4, Section 5 (weigh-in) may not be revised or modified by conference rule, mutual consent, etc.

(b) The FHSAA requires a minimum of three officials (five is preferred) be present at all tournament weigh-ins. In addition, the host schools shall provide necessary adult personnel to serve as assistants to the weigh master. The weigh master will be the registered FHSAA official who is in charge of the weigh-in. The weigh master will ensure that all NFHS and FHSAA rules and regulations are followed. The following procedure must be used:

1. Staging area (one adult volunteer or fourth official): all wrestlers will be in this area at the time the weigh-in is scheduled. Preferably, this area will be large enough to accommodate all contestants. The caller will call each weight class in order, beginning with the 103-pound class.
2. Line-up area (one adult volunteer or fifth official): each weight class will move to the line-up area where the arranger will place the contestants in bracket order.
3. Scale room (registered officials only): each weight class will then move into the scale room. The contestants will put their gear on one of 16 chairs and remove their clothing. The first official (R1) will check all contestants for nails, skin, hair, etc. Any deficiencies (Nails, Skin, Hair, etc.) will be noted on the Pre-Match Weigh-in Form or the tournament bracket sheet. The second official (R2) will monitor the scale, recording the exact weight of all contestants on the Pre-Match Weigh-in Form. Exception: At the regional and state tournaments, the exact weights will be recorded on the official tournament bracket sheets. For all tournaments, R3 will be responsible for writing the weight class of the contestant on his/her wrist with a marker.

(c) All scales must be certified annually. Digital scales are required for all multi-school events to ensure the accuracy of the actual weight of the wrestler. This includes dual-team events and individually bracketed tournaments.

(d) No coaches shall be permitted in the staging area, line-up area or scale room, with the exception of the coach of a hearing or visually impaired wrestler.

(e) Female wrestlers shall be called into the weigh-in area together, as the first group to weigh in. The tournament director shall have a female person or persons available to weigh in any female wrestlers. The weigh master should provide instructions to the female persons conducting the weigh-in as to the process of weighing in the female wrestlers. Female wrestlers are required to complete the weigh-in process the same as male wrestlers.

(f) Second or third day weigh-ins should follow the same procedures as defined above. A different color marker should be used each day to mark the wrestler's hand.

(g) A "Wrestler Skin Condition Examination Report Form" (Form WR2) signed by an appropriate healthcare professional is valid for a maximum of seven (7) days from the date of the examination unless otherwise indicated by the physician. After that time, the wrestler must obtain a new form from the physician if his/her skin condition is still present. The form is valid only for those areas of the wrestler's body marked on the form by the physician. If the official observes any questionable area(s) not marked by the physician on the form, the wrestler will not be allowed to participate.

(5) Match Limitations.

(a) A school may weigh-in multiple wrestlers at each weight class for a dual-team event. A maximum of two contestants must be declared in each weight class at the time the lineup is presented to the head table.

(b) For a dual-team event, the coach may alter his line-up within the stipulations of NFHS Rule 4-4-2.

(c) For individually bracketed tournaments, one contestant in each weight classification for varsity competition must be declared, after the weigh-ins and during the coaches meeting prior to the start of the first day of competition. Once a competitor's weight class is established, the competitor must wrestle at that weight class for the duration of the tournament in accordance with NFHS rule 10-2-2.

(d) In sub-varsity tournaments, however, a school may enter multiple contestants per weight class with one or the contestants in the weight class designated as the team scorer.

(6) Multi-School Wrestling Events: Multi-school wrestling events are of two types. The first is dual team events, where dual meets fees shall apply. The second is individually bracketed tournaments (IBTs) where the following requirements shall apply:

- IBTs with up to 8 teams: minimum of 2 mats, 4 officials
- IBTs with 9-16 teams: minimum of 3 mats, 5 officials
- IBTs with 17-24 teams: minimum of 4 mats, 6 officials
- IBTs with 24-32 teams: minimum of 5 mats, 8 officials

No new match in a multi-school wrestling competition may begin after 10 p.m. on any day. For multi-day competitions, there must be a minimum of 10

hours between the end of the last match on Day One and the start of weigh-ins the next day.

(7) **Uniform:** A contestant must be in proper uniform while in the mat area and/or otherwise in public view. PENALTY: Deduction of one (1) team point. Female wrestlers must wear a sports bra and are required to wear a tight-fitting, short-sleeved undershirt as described in NFHS Rule 4-1-1a.

(8) **Biting:** The FHSAA Board of Directors has defined the intentional biting of an opponent by a wrestler during a match as judged by the official (NFHS Rule 7-4-3) as gross unsporting conduct. A wrestler who commits a violation involving intentional biting will be ejected from the match and suspended from further interscholastic athletic competition for a period of six weeks.

2013.02 State Series.

(1) **Wrestleback:** Each district will seed and bracket its District Tournament in accordance with the procedure as outlined in National Federation Rule 10 after the weigh-in has been completed. Brackets will be crossed in the quarterfinal round to better ensure that the best four wrestlers in each District Tournament advance to the Regional Tournament.
