How to add lower level teams to your account - JV and freshmen teams.
Note: Middle school teams cannot be added to MaxPreps.

Log into your administrative account – Click on the “Manage” next to the team that you would like to add the sub-varsity level to.

Select the Level from the Dropdown Box.
Add the sport information to the fields and be sure to include the coaches’ information so they can report the scores and stats.

Once the steps are completed and processed, the new team level will appear on your account.

If you have any questions at all about MaxPreps or how to get started, please reach out MaxPreps Coach Support at 800-329-7324 x1, visiting support.maxpreps.com or Kylie McLarty, FHSAA representative, at kmclarty@maxpreps.com or 916.397.8600.
