2019-20 and 2020-21 Commitment Form Instructions

Please use the form below to declare your 2019-20 and 2020-21 intent for participation. The form contains your current participation status for reference.

There are three status options for you to choose from – **Please check the appropriate box for each sport declaration**

1. State Series "Playoff"

- a) To be eligible for participation in the Florida High School State Championship Series in any team sport (baseball, girls basketball, boys basketball, flag football, football, girls lacrosse, boys lacrosse, girls soccer, boys soccer, softball, girls volleyball, boys volleyball, girls water polo and boys water polo), the school shall successfully sponsor a varsity program in the previous school year (i.e. completes a comparable district schedule to the other schools in the district which they would be placed).
- b) An individual sport may opt in to the state series in it's initial year.

2. Independent

- a) A school that does not commit to participate in the Florida High School State Championship Series shall be assigned "Independent Status" in that sport.

3. No Team

- a) A school may add a sport at a later date per policy 10.2.

Here are a few tips when selecting the sport status:

1. If a sport at your school struggles with the number of student-athletes from year to year, then independent status would be the appropriate status for that sport.
2. If, at this time, you are unsure if you have any student-athletes for a sport, then it is appropriate to not commit to the sport. A school can always go back and commit to a sport later and be placed in independent status if student-athletes do happen to show up and show interest in that sport.
3. If you don't have a coach's information at this time, you can complete the form without it.

Please email assignments@fhsaa.org for questions.
