

## Tournament Appearances by School

Schools are listed in alphabetical order by current name. Schools which have undergone name changes have notations of such in their listings. Schools which were consolidated with other schools and retained their name and/or their campus are credited with their tournament histories prior to the consolidation, but not with the tournament histories of schools which they absorbed. Schools which no longer exist or are no longer full members of the FHSAA are indicated by “++” following their name. Finals Record includes only those games played in the FHSAA Baseball Finals state championship tournament. The region final game became a best-2-of-3 series in 2008. Tournament Record includes all games in the FHSAA State Baseball Series tournaments on the regional, sectional and state levels. For records purposes, games played in district tournaments are not considered a part of the FHSAA State Series. Appearances in parentheses after school name indicate: Appearances in FHSAA Finals/Appearances in State Series.

(563 schools; 1922-2009)

## Tournament Scores by School

Schools are listed in alphabetical order by current name. Schools which have undergone name changes have notations of such in their listings. Schools which were consolidated with other schools and retained their name and/or their campus are credited with their tournament histories prior to the consolidation, but not with the tournament histories of schools which they absorbed. Schools which no longer exist or are no longer full members of the FHSAA are indicated by “++” following their name. Listing of scores includes all games in the FHSAA State Baseball Series tournaments on the regional, sectional and state levels. For records purposes, games played in district tournaments are not considered a part of the FHSAA State Series.
